# A LEGACY OF COMFORT

The impeccable reputation of an American original

Amana® brand heating and cooling systems are a part of the enduring legacy of one of America's most recognized and respected brands. Originating eight decades ago in Amana, Iowa, the brand is synonymous with long-lasting, premium quality products — from home appliances to heating and air conditioning equipment. Chances are, you and generations before you have enjoyed the dependable performance and longevity the Amana brand continues to deliver.

**1954**

Amana brand's version of the room air conditioner introduced.

**1967**

Brought the first consumer microwave to the market. The Radarange® microwave.

**1997**

Goodman Global, Inc. purchased Amana brand's heating and AC business unit.

**2015**

Daikin introduces its inverter technology into Amana brand premium cooling products.

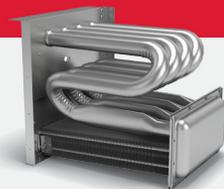

**1934**

Amana brand is founded by George Foerstner in Middle Amana, Iowa.

**1957**

First bottom-freezer refrigerator.

**1986**

Amana brand invents revolutionary tubular heat exchanger for gas furnaces.

**2012**

Daikin Industries, Ltd. acquired Goodman Global, Inc.

## An American original brand continues to invest in the USA

While many other HVAC manufacturers have moved, or are planning to move production outside of the United States, Amana® brand's parent company has invested over \$400M in our state of the art production facility on the outskirts of Houston, TX. The Daikin Texas Technology Park is a sprawling campus covering more than 4 million sq. ft. with more than 4,000 personnel. The facility practices Daikin's philosophy of a full 360 degree focus to research and development, manufacturing quality and reliability, robust sales networks and extensive support infrastructure.

### 2018

ComfortBridge™ technology is introduced and factory-installed in select gas furnaces and air handlers

### 2017

Daikin Texas Technology Park commenced operations just outside of Houston, Texas.

### 2022

Launch of the Amana brand S-series side discharge system and Amana brand smart thermostat.

## Indoor heating and cooling systems from a home-grown brand

Today, Amana brand heating and air conditioning is part of one of the leading manufacturers of energy efficient residential, commercial and industrial HVAC systems and refrigerants. The brand has access to global resources and support to ensure that the best technology, manufacturing processes, testing and product limited warranties\* are applied in all products.

\* Complete warranty details available from your local dealer or at [www.Amana-hac.com](http://www.Amana-hac.com).

# RELAX. IT'S AN **AMANA**® BRAND.

The purchase of an indoor comfort system is not one to be taken lightly. However, it's one you can make with an air of confidence when you consider all that distinguishes the venerable **Amana** brand.

## Comforting craftsmanship

Innovative engineering, world-class manufacturing processes and the relentless drive to ensure each unit lives up to our uncompromising standards — these attributes define

the **Amana** brand and result in the premium performance homeowners have come to expect from an American legend. **Amana** brand products are America's brand for comfort.

# TRIED AND TRUE

## Trust the experts

Your local Amana® brand dealer plays a critical role in ensuring that your household's heating and air conditioning needs are met. That is why we are excited to work with an extensive network of local HVAC professionals that distinguish themselves based on their customer service, business standards and technical competency. Please ask your local Amana brand dealer about why they can provide you with outstanding service and support, as well as industry leading Amana brand products.

# AMANA® BRAND AIR CONDITIONERS

## Amana brand air conditioning systems distinguishing features:

- ✓ Up to 22.5 SEER2 efficiency
- ✓ ComfortAlert™ diagnostics
- ✓ Compressor sound cover
- ✓ Sound-reducing control top
- ✓ Chlorine-free R-410A refrigerant
- ✓ Efficient condenser motor
- ✓ Steel louver coil guard
- ✓ Select models feature Inverter compressor technology
- ✓ ComfortBridge™ or Amana brand smart thermostat compatible – (select models)
- ✓ ...and more!

\* Not all features are available on all models

## Indoor comfort that can help deliver low energy costs and energy-efficient performance

Amana brand central air conditioning systems are designed to be perfect for any home. Even on the hottest days of the year, they can keep a home cool and comfortable. Don't choose between performance, durability, and optimum cooling comfort. Install an **Amana** brand air conditioner and get all three. As you review the various **Amana** brand air conditioners, remember that higher SEER2 numbers reflect the more energy-efficient systems. For the greatest energy-efficiency savings, select an air conditioning system with the highest SEER2 rating.

# WE HELP MAKE IT EASY: QUALITY, COMFORT, AND A NAME YOU CAN TRUST

Whether you are looking to replace your AC system before it breaks down or because it just has, trust the **Amana** brand, one of America's most trusted and enduring consumer brands, for your new air conditioning system! With **Amana**

brand, peace of mind is not all that you will enjoy. You will enjoy dependable, energy-efficient cooling in your home when it is warm outside. But that is not all that distinguishes the venerable **Amana** brand. Let's take a closer look...

## PREMIUM SPLIT-SYSTEM FEATURES\* AC (ASXV9)

**1** Variable-speed, inverter, compressor – Provides up to 22.5 SEER2 cooling performance for lower energy bills compared to lower SEER/SEER2, single-stage compressors.

**2** Refrigeration-grade premium copper tubing and aluminum fin condenser coil configuration deliver outstanding heat transfer properties with R-410A refrigerant.

**3** Heavy-gauge galvanized steel enclosure with sound-control top – With advanced fan design, it provides dependable, quiet airflow across the condensing coil.

**4** High-efficiency ECM fan motor with advanced fan design moves air quickly and quietly.

**5** High-density compressor sound blanket – Acoustically engineered, high-density sound control blanket helps to reduce noise levels compared to units without sound blankets for years of quiet comfort.

**6** ComfortNet™ Communications System compatible – Continuously monitors system performance for customized indoor comfort.

**7** Advanced diagnostics – Constantly monitor your air conditioner system, reducing failures and pinpointing trouble spots for a fast fix.

**8** Commercial grade quality with factory-installed refrigerant management components – Provides high reliability compared to units without these components.

\* Some features vary by model.

## Introducing the Amana® brand S-series system - A new way of thinking about HVAC.

The Amana brand S-series is a slim side discharge style system that provides a premium mid-efficiency solution at an affordable price. It connects to traditional ducted equipment with ease, and the slim profile provides a solution when traditional cube style options cannot.

### S-SERIES FEATURES OVERVIEW AC (ASXS6)

**1** Variable-speed DC fan  
High efficiency and low sound levels

**2** Blue Fin corrosion coating  
1000 Hours salt spray rated as standard.  
Hydrophilic coating to help keep the coil clean

**3** 7mm Coil  
High heat exchanger efficiency and compact casing design

**4** Inverter board cooled by refrigerant circuit<sup>1</sup>  
Reduction of condenser fan pressure drop caused by heat sink used

**5** Swing compressor  
High efficiency/low sound levels  
(as low as 45 dBA in Quiet Mode)

<sup>1</sup> Model specific, refer to product engineering manual for details.

## PREMIUM COIL FEATURES\*

**1** All-aluminum coils – Enhanced durability in a single metal solution. Special grooved tubing provides efficient cooling and durability for longlasting comfort.

**2** Factory-mounted thermal/electronic expansion valve (TXV/EEV) – Simplifies installation and controls refrigerant flow for efficient cooling

**3** High-temperature thermoplastic drain pan – Handles condensate for years without rusting.

**4** Insulated metal casing protects the coil from damage and provides for easy installation to the air handler.

### A single metal solution for smart evaporator coils

The All-Aluminum evaporator coil is constructed from aluminum tubing, fins and end plates giving you a single metal solution for outstanding, time-tested, heat transfer performance properties. If you're looking for an evaporator coil that offers enhanced durability, coupled with enhanced performance (as tested in our labs), this is the product for you.

### Features and benefits:

- Tube and fin coil construction provides time-tested and proven heat transfer efficiency
- Grooved aluminum tubing offers increased surface area for refrigerant heat transfer performance
- Every unit undergoes a three-step leak detection during construction, including a precision leak test in a vacuum tight chamber capable of detecting 1/10 oz/year.
- Aluminum-lanced sine fin design for optimum heat transfer
- Thick-walled aluminum tubing provides superb strength
- Copper coil stud for connecting copper liquid suction lines

\* Some features vary by model.

Bridging indoor comfort with smart technology

When your new air conditioner or heat pump is paired with a select **Amana®** brand gas furnace with ComfortBridge™ technology, performance data from the split system is gathered and used to make automatic adjustments that may help reduce the amount of energy used to cool your home.

Always in pursuit of innovative ideas, our engineers have designed ComfortBridge technology to help your entire HVAC system cost-effectively operate at peak performance — providing consistent energy-efficient home comfort. ComfortBridge technology works with any single-stage thermostat to help create customized indoor comfort specifically for you and your family.

## Introducing the Amana brand smart thermostat\*.

The new **Amana** brand smart thermostat is compatible with all **Amana** brand communicating equipment. Homeowners can control their indoor comfort with ease through the stylish capacitive touchscreen.

Homeowners will appreciate the feature-rich design and intuitive functionality. A single

configurable auxiliary output allows control of an external humidifier, dehumidifier, or secondary heat source. The **Amana** brand smart thermostat is also compatible with the new **Amana** brand home app for end-user control from anywhere on their smart device, as well as voice control compatibility with Amazon and Google smart devices (with Wi-Fi).

\* The **Amana** brand smart thermostat is a ClimateTalk protocol device and is not compatible with ComfortBridge.

# WHOLE HOME IAQ SOLUTIONS

Our complete family of Clean Comfort® products helps to improve indoor air quality.

Clean Comfort Indoor Air Essentials can help improve the quality and comfort of your home's indoor air. Components can be installed on virtually any brand of HVAC equipment in any home or installation.

LEARN MORE AT  
[www.cleancomfort.com](http://www.cleancomfort.com)

## Filtration

HEPA bypass filtration cleans air to a high-quality standard removing 99.97% of all particles as small as 0.3 microns. Media air cleaners are a more efficient and convenient way to clean the air than standard filters. Both options may help to remove dust, lint, and other particulates.

## Humidification

Whole-home humidifiers add moisture to the conditioned air flowing through the home. Premium steam humidifiers help maintain comfortable humidity levels utilizing electrode and canister technology. Evaporative humidifiers use the warm furnace air to circulate evaporated moisture.

## Dehumidification

Whole-home dehumidifiers remove moisture from your home's air, helping to keep the indoor environment comfortable. The dehumidifier can work in conjunction with your central AC system or independently as needed, automatically maintaining suitable year-round humidity levels.

## Purification

Ultraviolet (UV) light is an effective method to inhibit the growth of microbes such as mold, bacteria, and viruses. Air purifiers harness the power of UV, increasing disinfection power in the airstream. UV coil purifiers bask the coil with UV light and help to keep the evaporator coil clean.

## Ventilation

Heat Recovery Ventilators (HRV) and Energy Recovery Ventilators (ERV) offer a simple, energy-efficient solution for ventilating well-insulated homes. HRV and ERV products keep you comfortable and may save energy by using the stale indoor air exhaust to condition fresh incoming air.

## Zoning

A zoned residential HVAC system redirects air to specific areas of the home, allowing for the creation of customized temperature zones for increased comfort. Advanced, integrated controls monitor the system static pressure to reduce air noise and assure adequate system airflow.

# ASURE<sup>SM</sup> EXTENDED SERVICE PLAN

## How Affordable is Asure?

Isn't your comfort worth only pennies a day? Asure eliminates the cost of unbudgeted system repairs. Asure's got you covered today and for years into the future, no matter how much the cost of a service call may increase during that time.

## Worry-free coverage.

An Asure Extended Service Plan gives you the peace of mind that you won't be faced with unexpected repair or part replacement costs for your heating and air conditioning system. We give you comfort, knowing you and your family won't have to endure any long periods without heating or cooling – you're covered!

The Asure Extended Service Plan complements the standard product limited\* warranty by providing labor coverage and additional years of parts coverage, based on the plan selected. Your Asure dealer can provide you with details on the different coverage options available.

## What does the plan cover?

The Asure Extended Service Plan provides extended coverage for all functional parts of your newly-installed **Amana**<sup>®</sup> brand air conditioning and heating equipment. If a repair is needed, an authorized Asure dealer will respond promptly and make repairs with quality **Amana** brand specific parts.

\* Complete warranty details available from your local dealer or at [www.Amana-hac.com](http://www.Amana-hac.com).

## We have financing options.

Financing for your **Amana** brand home comfort system is available via EGIA. For more details and enrollment information, visit <https://amana.egia.org/> or call 888-691-0387.

# REPAIR OR REPLACE?

With the help and support of your local **Amana** brand dealer, you are preparing to make the decision whether it's best to repair or replace the old heating and/or cooling system. As you prepare to make this decision be certain to consider these options:

- Energy-efficient performance of a new unit can help lower utility bills
- Ideal indoor comfort levels of a new system with communicating capabilities
- Consistent indoor comfort with a new variable-speed (inverter) system
- Initial costs associated with repairing your current system
- Cost of purchasing a new heating and cooling system

Please find the Repair vs. Replace Worksheet below helpful through your decision-making process with your local **Amana** brand dealer.
